MILWAUKEE:

SATURDAY MORNING, FEB. 20.

"The following is the great meeting that was last week ad-

vised to be held in New York, to hear speeches

against the Kansas policy of the Administration

by Gov. Walker, Secretary Stanton and George

Bancroft—as is well known, the transcript

of the meeting, which we take it, is unfavorable to the growth of faction

in the attempt to excite there opposition to Mr.

Buchanan's Administration will utterly fail, but

of course, the Radical journals will, if pos-

sible, turn out all their efforts to do so.

And we find that, according to the "Advertiser,"

today's article contains of Executive inter-

ference against the said meeting that was to

have been. It was published as editorial, but

was from the New York "Commercial Advertiser."

—News, of yesterday.

The article in question was not published in

the "Sentinel" as editorial, but was copied from

and credited to a New York paper. Neither did

it complain of "Executive interference against

said meeting." But it did denounce the under-

handed and sneaky means resorted to, in or-

der to prevent the meeting from being held at

the time and place announced. The "Advertiser"

gives as a reason for the interference "an im-

portant rule" of the Academy of Music, "for-

bidding the use of the Hall for a political meet-

ing." This is simply ridiculous. Political meet-

ings have been held there, time and again;

and the Hall was specially granted, by the autho-

rized officers, for the time and object stated,

without a word of objection. Of course, had any

such "rule" existed, the officers would have

known it, and have declined to rent the Hall for

the Anti-Reciprocity meeting.

But the "great meeting" did "transpire,"

nevertheless. So far from being a "failure," it

was most nobly and respectably attended.

George Bancroft, one of America's most gifted

sons, presided; and Ex-Governor Stanton, in a

spirit of great ability, detailed to the meeting

the wrongs of Kansas, and the villainies of Lo-

compton. Resolutions, denouncing the swindles,

were unanimously adopted, and thanks voted to

Governor Wm. and Stanton, Senator Douglas

and other distinguished Democrats, who have

done and are doing their best to prevent the

consummation of the great injury.

"The atmosphere of the American Metropolis" is not yet

fatal to Liberty and Right.

PRO-SLAVERY DIPLOMACY.

While our Federal Administration at home is

just now doing its best to fatten Slavery upon

Kansas, its agents abroad, faithful to this Pro-

Slavery policy, invite the co-operation of the

Counts to which they are accredited, in the hu-

mane, enlightened and orthodox Democratic

measures, of strengthening and extending the

"peculiar institution." Mr. R. K. Mason, of

Virginia, recently appointed Minister to Brazil,

on being presented to the Emperor, the 6th of

December last, delivered an address from which

we take these two significant extracts:

"My government is duly impressed with the

points of reference and identity of interest

which both countries share, and the two

countries indisputable, and direct the policy and

aspirations of each. An equal extent of terri-

tory, of gigantic dimensions, gives to each nation

an assurance of future power that fits it above

the reach of any apprehension, and imparts to

its political strength, that belongs only to

its own strength."

Their approximation, in many respects, in their

political organization, is well calculated to en-

courage political and social sympathies, pro-

gressives, of mutual benefit, little conser-

vatives, of mutual hostility, and others, to each

other, to assist and deeply root in their soil,

(with many hostile prejudices to encounter from

without,) does now establish an affinity between them, and will insure, for mutual defense, a family of action and feeling that will prove invincible

to the world.

OFFICIAL EXPENSE OF THE EX-PORTFOLIO.

LAWRENCE, K. T., Feb. 8, 1858.

To the Editor of the "Democrat":—The under-

signed was appointed by the territorial legisla-

ture to be Agent of the U. S. Consul General

of all the white male inhabitants over twenty

years of age, in the territories of Oxford and

Ishawne, in the county of reported to the

governor as follows:

age, in Shawne 42

Of which only fourteen dated their residence

prior to April 5, 1857.

The vote returned from Oxford township at

the January election was about 750.

The vote returned from Shawne township at

the January election was 84.

CHAS. MAYO, Com'tr.

—St. Louis Democrat.

The Editor of the "Democrat" whose word

may be implicitly relied on, has officially

advised us that his name is entitled to be

placed on the list of the public—Our readers will see in this Oxford and Shawne

fraud—where upwards of 1,600 Pro-Slavery voters

were returned from two precincts containing only 167 inhabitants, of all ages and sizes—a significant illustration of the way by which the Le-

comptonites hoped to triumph in Kansas. And yet the President of the U. S. and the "National Democratic" Party sustain this infamous fraud

and seek to give it the sanction of law!

dependent confides some interesting statistics of Walworth County, from which we compile the

M. I. W. A. U. K. E.:

SATURDAY MORNING, FEB. 20.

The "Daily" will be at work ad-

vised to the public to-day, who oppose

against the Anti-slavery policy of the Adminis-

tration by Gov. Walker, Secretary Stanton and George Bancroft—as is well known—did not transpire.

The atmosphere of the American metropolis, we

see, is unchanged, the growth of our

feeling, the attempts to restrain it, the

Bancroft's Administration will, I trust, fail.

But, of course, the Republican journals will, if pos-

sible, turn over the failure to an advantage.

And we find, accordingly, in the *Sentinel* of yes-

terday, an article complaining of Executive inter-

ference with the legislation that was to

have been.

It was published as early, but

from the New York *Commercial Advertiser*.

News, of yesterday.

The article in question was not published in the *Sentinel* as editorial, but was copied from

and credited to a New York paper.

Neither did it complain of "Executive interference against said meeting."

But it did denounce the under-

handed and unworthy means resorted to, in

order to prevent the meeting from being held at the time and place first announced.

The news gives a reason for the interference "an im-

portant rule" of the Academy of music, "forbid-

ing the use of the Hall for a political meet-

ing." This is simply ridiculous.

Political meetings have been held there, and again; and

the Hall was specially granted, by the autho-

rized officer, for the time and object stated,

without a word of objection. Of course, had any

such "rule" existed, the officers would have

known it, and have declined to rent the Hall for

the Anti-slavery meeting.

But the "great meeting" did "transpire," nev-

ertheless. So far from being a "failure" it was

most numerously and respectfully attended.

George Bancroft, one of America's most gifted

sons, presided; and Ex-Governor Stanton, in a

speech of great ability, called to the meeting

the wrongs of Kansas, and the villainies of Le-

Compton's Resolutions, denouncing the swindles,

worn unanimously adopted, and thanks voted to

Governors Wyo and Stanton, Senator Doug-

and other distinguished Democrats, who have

done much to prevent the

communism of the great iniquity. "The at-

mosphere of the American Metropolis" is not yet

true to Liberty and Right.

Anti-slavery Diplomacy.

While our Federal Administration at home is

now doing its best to fasten Slavery upon

Kansas, its agents abroad, through the Pro-

Slavery policy, lay the co-operation of the

Courts to which they are accredited, in the hu-

mane, enlightened and orthodox Democratic

measures, of strengthening and extending the

"peculiar institution." Mr. R. M. Mads-

on, Virginia, recently appointed Minister to Brazil,

on being presented to the Emperor, the 6th of

December last, delivered an address from which

we take these two significant extracts :

My government is duly impressed with the

points of resemblance and identity of interest

which should make the ties between the two

countries inseparable, and direct the policy and

impartial administration of justice in our country,

of organic dimensions, given to save nation

of power that life is above the reach of unex-
plained apprehensions, and imparts to its position a dignity that belongs only to

concrete strength.

The Anti-slavery, in many respects, in their

political organization, is well calculated to en-

courage political and social sympathies promot-
ive of mutual benefits and future commercial

progress, while an institution common to both

countries, fixed and deeply rooted in their soil,

(as the saying goes) does not establish any tie, or

affection, between them, and will ensure, for mutual defense, a unity of action and feeling that will prove invincible

in the future.

The Emperor replied, in very civil conno-

mances, to Mr. Madsen's diplomatic assurances of

his distinguished consideration, but said more a

a word about the "institution" which our Minis-

terator so especially commanded to his notice. And the Rio Janeiro journals, taking their cue from

the Imperial speech, are equally silent on the

subject. Mr. Madsen, therefore, took nothing by his motion.

But what a motion it was, to be

proposed from an American Minister, represent-
ing "the Lord of the Free," and claiming him-
self to be Debonair of the present case!

OFFICIAL EXPENSE OF THE OXFORD FRAUDS.

LAWRENCE, K. T., Feb. 8, 1858.

To the Editor of the *Democrat*.—The under-

signed was appointed by the territorial legisla-

ture, one of the commissioners to take the census of all the slave inhabitants of the United States

one year of age, in the townships of Oxford and Shawnee, in the county of Johnson, and having discharged that duty, has reported to the

governor as follows:

Whole no. of inhabitants over 21 years of

age in Oxford, 11,000.

Of which only fourteen dated their residence

prior to April 6, 1857.

Whole no. of inhabitants over 21 years of

age, in Shawnee, 116.

Of which only forty-eight date their residence

prior to April 6, 1857.

The vote returned from Oxford township at the January election was about 750.

The vote returned from Shawnee township at the January election was 394.

CHAS. MAYO, Com't.

The Editor of the *Democrat* voices for Mr. Mayo as a gentleman of integrity, whose word may be implicitly relied on. His official exposé of the infamous Kansas frauds, is entitled, therefore, to the full confidence of the public.—Our readers will see in this Oxford and Shawnee fraud—where upwards of 1,600 Pro-Slavery voters were returned from two precincts containing only 167 inhabitants, of all ages and sizes—a significant illustration of the means by which the Leavenworthites hoped to triumph in Kansas. And yet the President of the U. S. and the "National Democratic" Party sustain this infamous swindle and seek to give it the sanction of law!
